CONTENTS

1. FOREWORD	4
2. ACKNOWLEDGEMENTS	5
3. EXECUTIVE SUMMARY	6
4. SNAPSHOT OF CHILD HEALTH, NSW, 2001	8
5. METHODS	9
Table 1: Outcomes of telephone numbers	9
Table 2: Completed interviews and response rate by area health service	10
Table 3: Completed interviews by language	10
Table 4: Completed interviews by proxy respondent	10
Table 5: Survey sample size and NSW population by age group and sex	11
Table 6: Socioeconomic distribution of survey sample using the SEIFA index of disadvantage	11
Map of NSW area health services	12
6. SOCIAL DETERMINANTS OF HEALTH	13
Family functioning	13
Social support	13
Social capital	14
Figure 1: Reciprocity and neighbourhood connections by urban–rural area health service of residence, parents or carers with children aged 0–12 years, NSW, 2001	14
Figure 2: Strongly agree or agree that the local area is safe, by urban–rural area health service of residence, parents or carers with children aged 0–12 years, NSW, 2001	15
Figure 3: Participation in the local community—very or somewhat active, by age group, parents or carers with children aged 0–12 years, NSW, 2001	16
Childhood activities	16
Attendance at childcare, preschool, or school	17
7. HEALTH BEHAVIOURS	18
Smoking in pregnancy	18
Smoking in the home	18
Parental views of child smoking	18
Infant sleeping position	19
Figure 4: Position infant placed to sleep from birth by urban–rural area health service of residence, babies aged less than 12 months, NSW, 2001	19
Folate intake during pregnancy	20
Figure 5: Folate tablets or capsules taken before or during pregnancy, mothers with babies less than 12 months of age, NSW, 2001	20
Breastfeeding	21
Figure 6: Duration of breastfeeding children aged less than two years, NSW, 2001	22

Food intake	23
Figure 7: Usual daily consumption of fruit and vegetables by age group, children aged 2–12 years, NSW, 2001	23
Table 7: Minimum recommended daily serves of fruit and vegetables needed to achieve a healthy diet for children	24
Figure 8: Usual consumption of milk, by age group, children aged 2–12 years, NSW, 2001	24
Figure 9: Consumption of selected foods by age group, children aged 2–12 years, NSW, 2001	25
Food security and hunger	27
Figure 10: Ever ran out of food in the last 12 months by area health service of residence, households with children aged 0–12 years, NSW, 2001	27
Table 8: Ever ran out of food in the last 12 months by area health service of residence, households with children aged 0–12 years, NSW, 2001	28
Sun protection	28
Figure 11: Use of hats, sunscreen and protective clothing last summer by age group, children aged 1–12 years, NSW, 2001	29
Water safety: drowning	30
Figure 12: Places where child was rescued, children aged 0–12 years, who had ever been rescued from drowning, NSW, 2001	30
Physical activity and inactivity	31
Figure 13: Sports and activities played in the last 12 months by sex, children aged 5–12 years, NSW, 2001	31
Figure 14: Time spent playing computer games or watching television or videos, children aged 5–12 years, NSW, 2001	32
8. HEALTH STATUS	
Asthma	34
Figure 15: Current asthma and written asthma management plan by area health service of residence, children aged 2–12 years, NSW, 2001	34
Table 9: Current asthma and written asthma management plan by area health service of residence, children aged 2–12 years, NSW, 2001	35
Oral health	36
Figure 16: Place of last dental visit, children aged 1–12 years, NSW, 2001	37
Figure 17: Type of dental treatment in the past 12 months, by age group, children aged 1–12 years, NSW, 2001	38
Disability	39
Figure 18: Prevalence and severity of speech difficulties by sex, children aged 2–12 years, NSW, 2001	39
General health status—The Child Health Questionnaire	40
Table 10: Child Health Questionnaire concepts and mean rating scores	41
Emotional and behavioural problems	42
Figure 19: Had emotional or behavioural problems in the last six months, by age and sex, children aged 4–12 years, NSW, 2001	42
Figure 20: Severity of emotional or behavioural problems in the last six months, by sex, children aged 4–12 years, who had emotional and behavioural problems, NSW, 2001	43

Figure 21: Reason for not being able to get more help for emotional or behavioural problems, children aged 4–12 years, who needed professional help but did not get it, NSW, 2001	44
Infant feeding and behavioural problems	44
Physical health of toddlers	45
9. HEALTH SERVICES	46
Use of health services	46
Figure 22: Health services used in the last 12 months, by age group, children aged 1–12 years, NSW, 2001	46
Immunisation (vaccination)	48
Figure 23: Strongly or generally support immunisation program by area health service of residence, parents or carers with children aged two months to four years, NSW, 2001	47
Table 11: Strongly or generally support immunisation program by area health service of residence, parents or carers with children aged two months to four years, NSW, 2001	47
