## One Health

### 97 One Health: much more than a slogan

Explores One Health and the recent and emerging importance to New South Wales of zoonotic infection; provides a context for the papers presented in the issue.

Robert Hall and David N. Durrheim

### 99 A review of the epidemiology and surveillance of viral zoonotic encephalitis and the impact on human health in Australia

Zoonotic virus diseases such as those caused by Murray Valley encephalitis virus, West Nile virus, Japanese encephalitis virus, Hendra virus and bat lyssavirus have recently emerged or resurged in Australia. These present with an encephalitic syndrome in humans and the authors propose surveillance for encephalitis as one means of identifying new or outbreaks of zoonotic viral disease.

Beverley J. Paterson, John S. Mackenzie, David N. Durrheim and David Smith

### 105 One Health in NSW: coordination of human and animal health sector management of zoonoses of public health significance

Describes the intersectoral collaboration between the human and animal health sectors in NSW to plan for and respond to zoonotic disease.

Sheena Adamson, Andrew Marich and Ian Roth

### 113 Discovering novel zoonotic viruses

Describes a selection of the zoonotic viruses causing disease outbreaks in Australia and overseas and, in light of the increase in the rate of discovery of these viruses, describes the laboratory techniques used.

Lin-Fa Wang

### 118 Hendra virus: what do we know?

Reviews the existing knowledge about Hendra virus and Hendra virus disease and outlines the planned response to an outbreak should one occur in NSW.

Isabel M. R. Hess, Peter D. Massey, Belinda Walker, Deborah J. Middleton and Therese M. Wright

### 123 Influenza: One Health in action

Pandemic (H1N1) influenza virus demonstrated that well coordinated animal and human surveillance for influenza viruses is required for pandemic planning and management.

Dominic E. Dwyer and Peter D. Kirkland

## Bug Breakfast in the Bulletin

### 127 Automated data extraction from general practice: influenza-like illness surveillance

Gösta Liljeqvist, Hans Blom and C. Raina MacIntyre

### 128 Dengue

Timothy J. Hayden and Cameron E. Webb

## Communicable Diseases Report, NSW

### 129 March and April 2011

# NSW PUBLIC HEALTH BULLETIN

The *NSW Public Health Bulletin* is a peer-reviewed journal produced by the NSW Department of Health and indexed in Medline. It has a NSW focus, however, it aims to support the practice of public health more broadly.

#### Editor

Dr Lynne Madden  
BSc(Med)Hons1, MBBS, MPH, MSc, FFPH, FAFPHM

#### Editorial Manager

Kristy Mannix

#### Editorial correspondence

Please address all correspondence and submissions to:

The Editor, *NSW Public Health Bulletin*  
Locked Mail Bag 961  
North Sydney NSW 2059 Australia  
Email: phbulletin@doh.health.nsw.gov.au  
Telephone: +61 2 9424 5876  
Fax: +61 2 9391 9232

#### Submission of articles

The *Bulletin* accepts proffered and commissioned articles along with short reports, on all aspects of public health. Articles should be 1500–2000 words, not including tables and figures, and should include an abstract of up to 150 words. Articles should follow the journal style and layout as closely as possible, as described in the Instructions to Authors. Articles should be emailed in a Word for Windows format to: phbulletin@doh.health.nsw.gov.au, and should be accompanied by a covering letter signed by all authors and a License to Publish. The Instructions to Authors, License to Publish and other useful information can be downloaded from the *Bulletin* website.

#### Distribution

The *Bulletin* is freely available from the *Bulletin* website. Copies of the current issue and back issues can be downloaded in both PDF and HTML formats. If you would like to be notified when new issues of the *Bulletin* are available online, subscribe to the early alert email system at the *Bulletin* website. The early alert email contains the contents of each new issue along with electronic links to the articles. To receive a printed copy of the *Bulletin*, subscribe online at the *Bulletin* website, or contact your local public health unit or the editorial office.
