

1998 INDEX BY SUBJECT

A

adolescents, *see also* children

Adolescent health monitoring at the regional level (Bauman A et al.) 1998 9(6-7) 78-79

Efficacy of interventions: an evidence-based approach (Alperstein G, Nossar V) 1998 9(10) 109-110

Health gain for the children and youth of Central Sydney: a strategic plan (Alperstein G, Nossar V) 1998 9(10) 108, 110

Indicators of the health status of children and youth (Sullivan E, Hogan A) 1998 9 (6-7) 75-77

advertising

Advertising campaign on the dangers of lead 1998 9(3) 38

AIDS, *see* HIV-AIDS

air pollution

Pollutant exposures: back to basics [letter] (Beggs P) 1998 9(3) 38

antibiotic sensitivity, *see* gonococcal sensitivity

B

birth defects

New South Wales Mothers and Babies 1996: 1998 9(3) 36-37

C

cancer

Cancer in NSW: incidence and mortality 1995 (Coates M, Armstrong B) 1998 9(8-9) 95-97

chancroid

Changes to the NSW notifiable diseases schedule 1998 9(10) 118

childbirth

New South Wales Mothers and Babies 1996: 1998 9(3) 36-37

children

Child health: key programs and strategies to achieve health gains [editorial] (Nossar V, Alperstein G) 1998 9(11) 123

Child health now! the state of children's health: historical contexts and current developments (Murphy E, Wraith C) 1998 9(5) 60-63

Cochrane collaboration (Williams K) 1998 9(10) 110

Editorial: improving the health of children in NSW (Alperstein G, Nossar V) 1998 9(5) 59-60

Editorial: monitoring child health (Nossar V, Alperstein G) 1998 9(6-7) 71-72

Editorial: strategies to achieve health gains for children (Nossar V, Alperstein G) 1998 9(10) 107

Efficacy of interventions: an evidence-based approach (Alperstein G, Nossar V) 1998 9(10) 109-110

Health gain for the children and youth of Central Sydney: a strategic plan (Alperstein G, Nossar V) 1998 9(10) 108, 110

Home visiting: an essential building block to support families (Vimpani G) 1998 9(11) 130

Improving the health of children in NSW: mental health issues for children (Pope S, Raphael B) 1998 9(10) 114-117

Indicators of the health status of children and youth (Sullivan E, Hogan A) 1998 9(6-7) 75-77

Key initiatives to achieve health gain for children (Nossar V, Alperstein G) 1998 9(11) 126-127

Prioritisation of health issues and strategies to improve child health (Alperstein G, Nossar V) 1998 9(11) 124-125

Surveillance of child health in NSW: status, gaps and developments (Jorm L) 1998 9(6-7) 73-75

The settings approach to achieving better health for children (King L) 1998 9(11) 128-129

What's happening in NSW to promote child health? A report from Area Health Promotion Units 1998 9(10) 111-112

Working together to support children and families in disadvantaged communities (Wraith C, Murphy E) 1998 9(11) 131-133

chlamydia

Changes to the NSW notifiable diseases schedule 1998 9(10) 118

communication, *see* databases

cryptosporidiosis

Cryptosporidiosis on the rise in NSW 1998 9(1-2) 24

monthly updates 1998 9(4) 57

The Sydney water incident: July-September 1998 9(8-9) 91-94

D

data collection, *see also* health status; notifications; population data

Adolescent health monitoring at the regional level (Bauman A et al.) 1998 9(6-7) 78-79

Hospital Infection Surveillance System (HISS) 1998 9(10) 118, 120

Indicators of the health status of children and youth (Sullivan E, Hogan A) 1998 9(6-7) 75-77

Surveillance of child health in NSW: status, gaps and developments (Jorm L) 1998 9(6-7) 73-75

databases

Cochrane collaboration (Williams K) 1998 9(10) 110

New access to health databases 1998 9(6-7) 72

disadvantaged communities, see socioeconomic factors
donovanosis

Changes to the NSW notifiable diseases schedule
1998 9(10) 118

drownings

Swimming pools in NSW: do we know how dangerous
they are? (Sayer GP et al.) 1998 9(12) 139–142

drug abuse

NSW Needle and Syringe Program: features and public
health benefits (Davies S) 1998 9(11) 134, 136–
137

E

event planning, see Olympic and Paralympic Games

evidence-based medicine

Efficacy of interventions: an evidence-based
approach (Alperstein G, Nossar V) 1998 9(10)
109–110

F

families

Home visiting: an essential building block to support
families (Vimpani G) 1998 9(11) 130

Working together to support children and families in
disadvantaged communities (Wraith C, Murphy
E) 1998 9(11) 131–133

G

general practice

Infection control in general practice, 1994 and 1995
(Cooper C et al.) 1998 9(4) 51–52, 55

giardiasis

Changes to the NSW notifiable diseases schedule
1998 9(10) 118

The Sydney water incident: July–September 1998
9(8–9) 91–94

gonococcal sensitivity

Increase in gonorrhoea 1998 9(10) 120–121

gonorrhoea

Gonorrhoea increases 1998 9(3) 41

Increase in gonorrhoea 1998 9(10) 120–121
monthly updates 1998 9(8–9), 99; 1998 9(12) 143

H

***Haemophilus influenzae* infections**

monthly updates 1998 9(12) 143

health promotion

Comment: promoting mental health in NSW
(Sainsbury P) 1998 9(4) 46, 50

Mental health promotion in NSW: conceptual

framework for developing initiatives (Scanlon K
et al.) 1998 9(4) 43–46

What's happening in NSW to promote child health?
A report from Area Health Promotion Units 1998
9(10) 111–112

health status

Indicators of the health status of children and youth
(Sullivan E, Hogan A) 1998 9(6–7) 75–77

Strategy for population health surveillance in New
South Wales (Jorm L, Puech M) 1998 9(3) 31–32

hepatitis

Hepatitis A on the North Coast 1998 9(3) 41

monthly updates 1998 9(1–2), 24; 1998 9(12) 143

HIV-AIDS

Active AIDS surveillance report 1997: 1998 9(3) 41

monthly updates 1998 9(12) 143

Too early to celebrate? 1998 9(5) 68–69

home visiting

Home visiting: an essential building block to support
families (Vimpani G) 1998 9(11) 130

hospitals

Hospital Infection Surveillance System (HISS) 1998
9(10) 118, 120

Readmissions to hospital: an indicator of quality of
care before and during the waiting list reduction
program (Jong K, Corben P) 1998 9(3) 33–35

I

immunisation, see also specific diseases, e.g. measles

infection control

Hospital Infection Surveillance System (HISS) 1998
9(10) 118, 120

Infection control and hygiene practices in skin
penetration businesses (Bouwman R et al.) 1998
9(4) 47–50

Infection control in general practice, 1994 and 1995
(Cooper C et al.) 1998 9(4) 51–52, 55

**infectious diseases, see also names of specific diseases
and organisms; notifications.**

(Note: Infectious Diseases updates appear in every
issue of the *Public Health Bulletin* and are not
indexed here.)

Comment: AIDS/Infectious Diseases Branch, NSW
Health Department 1998 9(4) 55

NSW Needle and Syringe Program: features and public
health benefits (Davies S) 1998 9(11) 134, 136–
137

influenza

Immunisation against influenza in the workplace
(Watson J) 1998 9(5) 67–68

Influenza activity 1998 9(6–7) 83–84

Influenza in 1919: 1998 9(6–7) 86, 88–89, 84

Influenza surveillance 1998 9(4) 57

Influenza surveillance activity update 1998 9(6-7) 86; 1998 9(8-9) 99-100; 1998 9(8-9) 102, 104
Influenza vaccination campaign 1998 9(5) 65
NSW influenza surveillance 1998 9(5) 65, 67

information, see databases; Internet

injecting drug use, see drug abuse

Internet

New access to health databases 1998 9(6-7) 72

L

lead

Advertising campaign on the dangers of lead 1998 9(3) 38

Legionella infections

monthly updates 1998 9(6-7), 80, 82

legionnaires' disease

monthly updates 1998 9(6-7), 80

lymphogranuloma venereum (LGV)

Changes to the NSW notifiable diseases schedule 1998 9(10) 118

M

measles

Measles control campaign 1998 9(4) 57; 1998 9(5) 64

meningococcal disease

Meningococcal disease in students in Western Sydney 1998 9(8-9) 102

Meningococcal disease season approaching? 1998 9(6-7) 82

monthly updates 1998 9(8-9), 99; 1998 9(12) 143

mental illness

Comment: promoting mental health in NSW (Sainsbury P) 1998 9(4) 46, 50

Improving the health of children in NSW: mental health issues for children (Pope S, Raphael B) 1998 9(10) 114-117

Mental health promotion in NSW: conceptual framework for developing initiatives (Scanlon K et al.) 1998 9(4) 43-46

Midwives Data Collection, see childbirth

monitoring health, see data collection

N

New South Wales

New South Wales Mothers and Babies 1996: 1998 9(3) 36-37

NSW Needle and Syringe Program: features and public health benefits (Davies S) 1998 9(11) 134,136-137

Strategy for population health surveillance in New South Wales (Jorm L, Puech M) 1998 9(3) 31-32
What's happening in NSW to promote child health? A report from Area Health Promotion Units 1998 9(10) 111-112

Notifications, see also data collection

Changes to the NSW notifiable diseases schedule 1998 9(10) 118

Comment: AIDS/Infectious Diseases Branch, NSW Health Department 1998 9(4) 55

Doctors' notifications of pertussis (Blogg S, Trent M) 1998 9(4) 53-54

NSW Needle and Syringe Program

NSW Needle and Syringe Program: features and public health benefits (Davies S) 1998 9(11) 134,136-137

O

Olympic and Paralympic Games (Sydney 2000)

Sydney 2000—challenges and rewards (Penman A) 1998 9(3) 29

Sydney 2000 Olympic and Paralympic Games: the public health service strategy 1998 9(3) 30

P

pertussis (whooping cough)

Doctors' notifications of pertussis (Blogg S, Trent M) 1998 9(4) 53-54

monthly updates 1998 9(12) 143

pneumonia, see legionnaires' disease

population data, *see also* data collection

Editorial: monitoring child health (Nossar V, Alperstein G) 1998 9(6-7) 71-72

Strategy for population health surveillance in New South Wales (Jorm L, Puech M) 1998 9(3) 31-32

public health

Sydney 2000—challenges and rewards (Penman A) 1998 9(3) 29

Sydney 2000 Olympic and Paralympic Games: the public health service strategy 1998 9(3) 30

Q

quality assurance

Readmissions to hospital: an indicator of quality of care before and during the waiting list reduction program (Jong K, Corben P) 1998 9(3) 33-35

R

Ross River fever

monthly updates 1998 9(6-7), 80; 1998 9(12) 143

S

schools

The settings approach to achieving better health for children (King L) 1998 9(11) 128–129

sexually transmitted diseases

Changes to the NSW notifiable diseases schedule 1998 9(10) 118

skin penetration

Infection control and hygiene practices in skin penetration businesses (Bouwman R et al.) 1998 9(4) 47–50

socioeconomic factors

Working together to support children and families in disadvantaged communities (Wraith C, Murphy E) 1998 9(11) 131–133

strategic planning

Health gain for the children and youth of Central Sydney: a strategic plan (Alperstein G, Nossar V) 1998 9(10) 108, 110

swimming pools

Swimming pools in NSW: do we know how dangerous they are? (Sayer GP et al.) 1998 9(12) 139–142

T

tetanus

Two cases of tetanus 1998 9(1–2) 24

W

water supply

The Sydney water incident: July–September 1998 9(8–9) 91–94

World Wide Web, *see* Internet

Y

youth, *see* adolescents
