Special issue: Health impact assessment in urban settings

149 Health impact assessment in urban settings

Introduces the issue, describing the contribution of health impact assessment to sustainable urban growth by establishing health as a core outcome.

Patrick Harris, Ben Harris-Roxas, Lynn Kemp

150 Influencing urban environments for health: NSW Health response

Reviews NSW Health's response to the challenge of creating urban environments that promote health.

Sarah Thackway, Andrew J Milat, Elizabeth Develin

152 International perspective on health impact assessment in urban settings

Describes international developments in the use of HIA in urban settings in North America, Europe, Africa, Asia and Australasia.

Salim Vohra

155 Health impacts of urban development: key considerations

Identifies three problems created by current urban development and describes the urban planning responses required.

Anthony Capon

157 A planner's perspective on the health impacts of urban settings

Articulates the rationale to enhance links between town planning and health.

Susan Thompson

161 Learning by doing: the value of case studies of health impact assessment

Summarises the lessons learnt from applying HIA from the case studies in this issue.

Patrick Harris, Ben Harris-Roxas

Case Studies

164 Bungendore health impact assessment: urban development in a rural setting

Andrew Gow, Lorraine Dubois
