

Contents

- 153 Lessons from a respiratory illness outbreak in an aged-care facility**
Reports practical lessons learnt from an influenza-like outbreak in an aged-care facility and provides recommendations for future action.
John Turahui, Cate Wallace, Paul Corben, Robin Osborne
- 157 Evidence of pertussis clusters in three aged-care facilities in the former Macquarie Area Health Service, NSW**
Describes the first reported outbreak of pertussis in Australian nursing homes and suggests methods for controlling future outbreaks in this setting.
Ala'a Al-Murieb, Anthony M. Brown, Alexandra Rauli, Carol George, Carole Gander, Patsy Forrester, Sharwyn Gibson
- 161 Hospital and non-hospital costs for fall-related injury in community-dwelling older people**
Provides detailed cost estimates of hospital and non-hospital treatment for fall-related injuries in aged-care facilities, highlighting the economic burden of falls and the importance of injury prevention strategies.
Anne C. Tiedemann, Susan M. Murray, Bridget Munro, Stephen R. Lord
- 166 Incidence of falls and fall-related outcomes among people in aged-care facilities in the Lower Hunter region, NSW**
Describes the rate of falls and adverse outcomes following falls in residents of 88 aged-care facilities.
Richard E. Gibson, Mandy Harden, Julie Byles, John Ward
- 170 Environmental health risk assessment of nickel contamination of drinking water in a country town in NSW**
Assesses the health risks associated with consumption of drinking water with elevated nickel concentration in a NSW country town.
Noore Alam, Stephen J. Corbett, Helen C. Ptolemy
- 174 Managing environmental lead in Broken Hill: a public health success**
Describes a sustained reduction in blood lead levels among young children living in the highest risk zone of Broken Hill and offers explanations for this reduction.
Frances Boreland, Margaret S. Lesjak, David M. Lyle
- Short report**
- 180 Addressing decreasing blood lead screening rates in young children in Broken Hill, NSW**
A short report of the findings of a review commissioned in response to concerns about declining attendance of young children for blood lead screening in Broken Hill.
Katina Kardamanidis, David M. Lyle, Frances Boreland
- Bug Breakfast in the Bulletin**
- 183 Chronic and infectious diseases in Aboriginal and Torres Strait Islander peoples**
Patricia M. Morton, Jenny M. Hunt, Richard J. Weston
- Factsheet**
- 185 Pertussis**
- Communicable Diseases Report, NSW**
- 186 July and August 2008**

NSW PUBLIC HEALTH BULLETIN

The *NSW Public Health Bulletin* is a peer-reviewed journal produced by the NSW Department of Health and indexed in Medline. It has a NSW focus, however, it aims to support the practice of public health more broadly.

Fax: +61 2 9391 9232

Submission of articles

The *Bulletin* accepts proffered and commissioned articles along with short reports, on all aspects of public health. Articles should be 1500–2000 words, not including tables and figures, and should include an abstract of up to 100 words. Articles should follow the journal style and layout as closely as possible, as described in the Instructions to Authors. Articles should be emailed in a Word for Windows format to: phbulletin@doh.health.nsw.gov.au, and should be accompanied by a covering letter signed by all authors and a License to Publish. The Instructions to Authors, License to Publish and other useful information can be downloaded from the *Bulletin* website.

Distribution

The *Bulletin* is freely available from the *Bulletin* website. Copies of the current issue and back issues can be downloaded in both PDF and HTML formats. If you would like to be notified when new issues of the *Bulletin* are available online, subscribe to the early alert email system at the *Bulletin* website. The early alert email contains the contents of each new issue along with electronic links to the articles. To receive a printed copy of the *Bulletin*, subscribe online at the *Bulletin* website, or contact your local public health unit or the editorial office.
