

Contents

- 117 Influencing population health performance: feedback from managers, population health staff and clinicians on the NSW Population Health Standards for Area Health Services**
An evaluation of the *Standards* shows they have potential to overcome barriers between clinical and population health disciplines but further modifications are needed to encourage widespread use.
Jeannine L. M. Liddle, Thérèse C. Jones, Margaret S. Lesjak, Andrew J. Milat, David M. Lyle, Emma L. Webster
- 121 A comparison of two nutrition signposting systems for use in Australia**
A review of two nutrition signposting systems currently being considered for adoption in Australia.
Jimmy Chun-Yu Louie, Victoria Flood, Anna Rangan, Debra J. Hector, Tim Gill
- 127 Is there a risk of malaria transmission in NSW?**
Examines the public health implications of factors known to influence malaria transmission in NSW.
Ben D. Ewald, Cameron E. Webb, David N. Durrheim, Richard C. Russell
- 132 Admission to hospital for effects of heat and light: NSW, 1993–94 to 2003–04**
Examines hospital admission rates and patient characteristics for severe heat-related morbidity conducted by analysing routinely collected hospital inpatient data.
Paul J. Beggs, Pavla Vaneckova
- 138 Research evidence can successfully inform policy and practice: insights from the development of the NSW Health Breastfeeding Policy**
Explores the development of the first evidence-based directive in Australia specifically to promote and support breastfeeding within the state health system.
Debra J. Hector, April N. Hyde, Ruth E. Worgan, Edwina L. Macoun
- 143 The re-emergence of pertussis: implications for diagnosis and surveillance**
A review of advances in laboratory testing methods that assist the confirmation of clinical disease and investigation of pertussis outbreaks.
Vitali Sintchenko
- Bug Breakfast in the Bulletin**
- 146 Legionnaires' disease**
Ingrid A. Evans, Andrew J. N. Marich, Peter Harding
- Communicable Diseases Report, New South Wales**
- 147 May and June 2008**

NSW PUBLIC HEALTH BULLETIN

The *NSW Public Health Bulletin* is a peer-reviewed journal produced by the NSW Department of Health and indexed in Medline. It has a NSW focus, however, it aims to support the practice of public health more broadly.

Editor

Dawn Simpson

Editorial correspondence

Please address all correspondence and submissions to:
The Editor, *NSW Public Health Bulletin*
Locked Mail Bag 961
North Sydney NSW 2059 Australia
Email: phbulletin@doh.health.nsw.gov.au
Telephone: +61 2 9424 5876
Fax: +61 2 9391 9232

Submission of articles

The *Bulletin* accepts proffered and commissioned articles along with short reports, on all aspects of public health. Articles should be 1500–2000 words, not including tables and figures, and should include an abstract of up to 100 words. Articles should follow the journal style and layout as closely as possible, as described in the Instructions to Authors. Articles should be emailed in a Word for Windows format to: phbulletin@doh.health.nsw.gov.au, and should be accompanied by a covering letter signed by all authors and a License to Publish. The Instructions to Authors, License to Publish and other useful information can be downloaded from the *Bulletin* website.

Distribution

The *Bulletin* is freely available from the *Bulletin* website. Copies of the current issue and back issues can be downloaded in both PDF and HTML formats. If you would like to be notified when new issues of the *Bulletin* are available online, subscribe to the early alert email system at the *Bulletin* website. The early alert email contains the contents of each new issue along with electronic links to the articles. To receive a printed copy of the *Bulletin*, subscribe online at the *Bulletin* website, or contact your local public health unit or the editorial office.
